

TEACHING AND EDUCATION

Education is one of the most powerful tools for empowering people to live more fulfilled lives and, ultimately, to live up to their potential as followers of Christ. A child — or an adult — with an education is far more likely to escape poverty, avoid exploitation, and improve her health.

For more than a century, TEAM has served around the world in teaching and education ministries that today include international and “missionary-kid” (MK) schools, seminaries, colleges, and government schools.

We provide opportunities to serve in educational settings where a biblical worldview can be expressed and Christ’s love can be demonstrated. We also send missionaries as teachers to areas that would otherwise be closed to sharing the gospel.

QUICK FACTS:

Sixteen percent of the world’s population over the age of 15 can’t read and write at a basic level.

(Source: *CIA World Factbook*)

Service opportunities include teaching at primary and secondary schools, seminaries, colleges, and informal classroom settings.

Most opportunities require a degree in education or a related field of study; formal or informal training plus experience is also acceptable for some opportunities.

The purpose of TEAM is to help churches send missionaries to establish reproducing churches among the nations to the glory of God. TEAM missionaries establish churches by seeking to make followers of Jesus Christ who learn and obey all that he has commanded. Teaching and education are God-given ministries to accomplish His purpose in the lives of those we teach, providing them with the tools by which the image of Christ can be formed in them.

As TEAM considers the role of teaching and education in ministry, we follow a set of guidelines focused on our purpose and vision:

- Teaching and education endeavors take place where we see a confluence of spiritual and demographic factors that indicate that God is leading us to serve in this capacity.
- TEAM leadership prayerfully considers how teaching and education endeavors fulfill the objective of making disciples.
- A Biblical worldview permeates all areas of our teaching and education endeavors.
- Teaching and education endeavors are carried out in partnership with local individuals, churches, groups or educational institutions.
- Churches and ministries, started through TEAM’s teaching and education efforts, work toward the reconciliation of all things to God through Jesus.
