

## HINDU

With roughly 1 billion followers — the vast majority in India, Nepal and Bangladesh — Hinduism is considered the oldest major religion in the world. Though the faith has a colorful and rich history, many Hindu people also struggle under centuries-old systems of segregation and oppression, appealing to millions of gods for help and desperate for spiritual transformation.

Dozens of experienced TEAM missionaries serve in Hindu regions, living out their faith and demonstrating the love of Christ amid thousands who have never known him. We value relationship, grace and sensitivity as we share life with people of other faiths.

## QUICK FACTS:

The term “Hindu,” derived from the word India, refers to a wide variety of religious traditions and philosophies that have developed over thousands of years.

Service opportunities include working with women and children at risk, teaching, healthcare and more.

*The purpose of TEAM is to help churches send missionaries to establish reproducing churches among the nations to the glory of God. TEAM missionaries establish churches by seeking to make followers of Jesus Christ who learn and obey all that he has commanded. In certain contexts, the best means of discipleship entails the use of a variety of service ministries among Hindu populations.*

**As TEAM considers serving among Hindu populations, we follow a set of guidelines focused on our purpose and vision:**

- Endeavors among Hindu populations take place where we see a confluence of spiritual and demographic factors that indicate that God is leading us to serve in this capacity.
- TEAM leadership prayerfully considers how endeavors among Hindu populations fulfill the objective of making disciples.
- Endeavors among Hindu populations are carried out in partnership with local individuals, churches or groups.
- Churches and service ministries, started through TEAM’s efforts among Hindu populations, work toward the reconciliation of all things to God through Jesus.
