

## UNREACHED PEOPLE GROUPS

Thousands still remain. Unreached and least-reached communities are tucked away even in countries with a large and longstanding missionary presence. On almost every continent, TEAM works to identify those who have had little or no opportunity to hear about Jesus. It's in our DNA to serve where the most people have the greatest need.

TEAM works with established churches and national believers whenever possible, but we're also committed to exploring new techniques and approaches to reach groups that have no viable Christian witness. We offer diverse opportunities to make Jesus known in a community for the very first time, in both urban and hard-to-get-to parts of the world.

## QUICK FACTS:

North Asia, South Asia, and Africa have the countries with the highest percentages of unreached peoples. (Source: *The Joshua Project*)

Service opportunities include community development, teaching, healthcare and more.

*The purpose of TEAM is to help churches send missionaries to establish reproducing churches among the nations to the glory of God. TEAM missionaries establish churches by seeking to make followers of Jesus Christ who learn and obey all that he has commanded. In certain contexts, the best means of discipleship entails the use of a variety of ministries among unreached populations.*

**As TEAM considers ministry among unreached populations, we follow a set of guidelines focused on our purpose and vision:**

- Endeavors among unreached populations take place where we see a confluence of spiritual and demographic factors that indicate that God is leading us to serve in this capacity.
- TEAM leadership prayerfully considers how endeavors among unreached populations fulfill the objective of making disciples.
- Endeavors among unreached populations are carried out in partnership with local individuals, churches or groups.
- Churches and ministries, started through TEAM's efforts among unreached populations, work toward the reconciliation of all things to God through Jesus.
