SOCIAL JUSTICE MINISTRIES

The little slave girl in South Asia needs Christ’s deliverance urgently — and we are called to be His hands and feet. The trafficked sex worker in Austria desperately needs to know about the love of the Father. But who will take it to her? HIV orphans in Lesotho need the hope of Jesus. And that’s exactly what the Church is called to embody.

At TEAM, we believe in justice for the oppressed because we serve a God of justice. When we right the wrongs in our human systems, we are showing God’s love and intention for the world in a concrete way. If your heart longs to see social justice permeate the earth, we want to help you pursue God’s call.

FROM THE FIELD

“Helping the whole person with education, water, food or a skill is the way to build relationships. Then, through that friendship, faith kernels can be planted. ... People are open to hearing about faith if they’ve seen you care and demonstrate concern for the needs in their lives.”

—TEAM missionary in Central Asia

WHAT KIND OF SOCIAL JUSTICE OPPORTUNITIES DOES TEAM OFFER?

TEAM offers an array of social justice ministry opportunities. Teach vulnerable kids how to avoid being trafficked. Lead child brides to healing through community and education. Help refugees get settled and process the trauma they’ve endured. Show victims of domestic abuse the truth about God’s love.

Throughout the New Testament, Jesus demonstrated his heart to see all of the oppressed find freedom and life. No matter how or whom you want to serve, we want to support that Christlike desire.

WHAT COUNTRIES WILL I BE ABLE TO SERVE IN THROUGH SOCIAL JUSTICE MINISTRY?

In Europe, we’re bringing God’s healing to human trafficking victims. In South America, we’re creating safe spaces for abused women. And the list goes on!
