

PRAYER FOCUS

NOVEMBER 2022

PRAISES HEARD 'ROUND THE WORLD

We reached out to TEAM's 500+ global workers, asking them to share praises of how God has moved this year. What encouraging reports we received! For this month's Prayer Focus, we invite you to join us in lifting up PRAISE to our God for these blessings...

Mon: **We Praise God for Progress in Ministry Initiatives**

TEAM workers from every region reported that the Lord has been abundantly good in advancing ministry initiatives and special projects to further His kingdom. These reports are far too numerous to mention them all, but they span the globe, reaching even the darkest corners. (To read more, please consider a visit to team.org/blog.)

Tue: **We Praise God for Reconnection After COVID**

Global workers were arguably among those most deeply impacted by the isolation of the pandemic. Many countries experienced significant travel restrictions if not complete lockdowns. Thankfully, in 2022 many global workers reunited with family, friends and co-workers through long-awaited furloughs, attendance at conferences, and field visits from Member Care Specialists.

Wed: **We Praise God for Church Partnerships**

Despite the economic downturn and social isolation caused by COVID, TEAM workers praise the Lord for the faithful sending churches that continue to support them both financially and in prayer. If you are a part of a missionary-sending congregation, we praise God for your local body of believers!

Thu: **We Praise God for Healing and Resolution of Medical Needs**

For missionary families, professional health care may be difficult to find, particularly when diagnostic testing or specialists are needed. Several TEAM workers reported how God provided medical personnel, supplies, and even miraculous healing to resolve ongoing medical issues. Others spoke of God's faithfulness, comfort, and peace in the midst of unresolved health challenges.

Fri: **We Praise God for Raising Up the Global Church**

An exciting shift is occurring in global missions. A time is coming when the U.S. and Canada will no longer be the primary sending countries for global workers. It is clear that God is raising up mission-minded believers FROM everywhere, ready to go TO everywhere! TEAM is excited to partner with the global Church in equipping and sending these workers.

Sat/Sun: **We Praise God for YOU!**

Thank you for joining us in praising our gracious Heavenly Father for all He has done and is doing! We are so thankful for YOU and for the role you play in the work that God does through TEAM each and every day. May God receive all the glory!
