PRAYER FOCUS
DECEMBER 2022

PRAY FOR TEAM, BEHIND THE SCENES!

For the month of December, we invite you to lift up our “home office” staff as they prepare, equip and support our global workers. We reached out to each of TEAM’s main staff departments and asked them to share how we can pray for them. Here’s what they said...

TEAM Marketing & Communications: Please pray that God will give us discernment on which stories to feature (there is so much amazing work happening!). Please pray also that we will be diligent in supporting our global workers effectively as we resource them with things like prayer cards, help with newsletters, fundraising tools, etc.

TEAM Member Care: We appreciate prayer for wisdom and compassion as we interact in many challenging and sometimes sensitive situations. We also appreciate prayer for our efforts to develop proactive care options for people. Finally, we welcome prayer that God will send the right folks to fill open Member Care roles.

TEAM Mobilization: Please pray for more laborers for the harvest, for wisdom as we assess applicants’ readiness to serve, and discernment as innovate and refine our strategies. Please also pray for guidance and grace as we mobilize workers through our global mobilization efforts, especially in Latin America and Asia.

TEAM Learning & Development: Pray that we can bring alignment, inspiration, and high-quality resources to this effort across TEAM. Pray that we’ll be empowered by the Holy Spirit as we equip new workers. Pray that TEAM’s global workers, staff, and leaders will grow in effective intercultural partnership with the global Church.

TEAM Donor Relations: Please pray that God will help us continue to be specialists in all types of donations, with 100% accuracy in contribution processing and donor contact information, to convert many recurring gifts to ACH transactions, and for our new and improved receipting and statement system to work seamlessly.

TEAM Finance: We greatly appreciate your prayers as we serve with integrity. We desire to provide high quality one-on-one attention with accuracy and grace. Please pray for us as we continue to fine tune our systems, reporting, and procedures.

TEAM Personnel: Please pray for the Personnel Group as we assist in implementing a new Human Resource Information System and continue to respond to a wide variety of service requests from our global workers.

TEAM Advancement: Please pray that God would make known to us His will as we consider areas of resource and fundraising development in 2023. Please pray for His blessings over our human efforts - for open doors, open ears, receptive hearts, and for God’s divine multiplication over the provision of gifts for His work.
